How HMS simplifies your Hotel Operations?

Uses of HMS Software:

✓ **Reservation & Booking Management**

Handle walk-in, online, and third-party bookings in real-time.

✓ **Billing & Payment Processing**

Generate invoices, accept multiple payment modes, and manage refunds.

✓ **Inventory & Stock Management**

Manage hotel supplies, restaurant stock, and minibar items efficiently.

✓ **Staff & HR Management**

Monitor staff shifts, roles, performance, and attendance.
